The Cold in Europe Increases in Severity.

Unusually Low Temperatures in the Southern Countries.

The Northern Ports Are Rendered Inaccessible by Ice.

A Number of People Frozen to Death—The Olive Crop Ruined—Traffic Entirely Suspended—Snow at the Riviera.

By Telegram to The Times.

BERLIN, Jan. 19.—[By Cable and Associated Press.] Reports from all points show that the thermometer has touched many degrees below zero (Fahrenheit), but that the cold is bearable in the absence of wind. There is ice here eighteen inches thick. The sea between Stralsund and Rugen, five miles in width, is alive with skaters and sleighs. Ponds are frozen to the bottom. Twenty-one head of deer in the royal forest at Benrath died. In Holland and Belgium the severity of the snowfall put a stop to railway and street-car traffic. Thousands of men are engaged clearing the roads. On the coast of Holland the sea is frozen a great distance. There is a bank of ice on the shore of extreme beauty. Only the harbors of Rotterdam and Flushing are accessible to vessels.

RIVERS FROZEN IN ITALY.

Advices from Naples report the death of two persons from cold. The Italian rivers are encumbered with ice. The roof of the school for boys at San'Emidio gave way beneath the burden of snow and ice. The whole mass went crashing into the school-room below, and twenty-two pupils were injured. On the frontier near Geneva a man was found frozen to death. Several vessels have been wrecked in the Bay of Biscay and a number of lives lost. The gales throughout Europe are the severest in years.

Several steamers in the ice-blocked river Elbe lost their propellers by dashing against the floes. A number of vessels parted their anchor chains and are drifting helplessly in the stream. The strongest cannot leave the harbor of Cuxhaven on account of the ice. Citizens are assisting the military to blast the ice with melinite.

SNOW IN THE RIVIERA.

PARIS, Jan. 19.—Saturday and yesterday were the most intensely cold days of the winter experienced throughout France. Yesterday an aged man was found frozen to death in his lodgings in this city. The thermometer yesterday touched seven degrees above zero (Fahrenheit) at Marseilles, nine here, twelve at Toulouse and five at Lyons. Noble wells were frozen at Perpignan, where a man was found frozen to death in the street. A woman was found frozen to death in bed at Epagnac, where the thermometer indicates four degrees below zero. Slight snowfalls are reported from the Riviera.

THE OLIVE CROP RUINED. Dispatches from all parts of France tell of great inconvenience and suffering caused by the intense cold weather. The harbors of Toulon and Laseyne are frozen over, for the first time on record. The olive crop in the Department of Gard is fast being ruined. Whole communities in the neighborhood of Perpignan, in the Pyrenees, are cut off from communication and wayfarers have been frozen to death. At Saragossa, Spain, the mercury is 14° (Fahrenheit) and snow is falling. A large number of vessels are ice-bound at Bordeaux. Packs of

WOLVES AND WILD BOARS are invading the isolated districts. The animals have become desperate through hunger and fearlessly pour about the houses, to the great consternation of the people. The same state of affairs exists in Spain. Advices from Algeria are to the effect that the country is covered with snow and traffic is blocked.

WARMING THE SHELTERLESS.

The municipal authorities tonight lighted hundreds of fires in the streets of the city and large numbers of wretched poor persons crowded around them to obtain some relief from the intense cold which prevails. Every effort is being made to relieve the great distress, and the Palace de Beaux Arts has been converted into night shelter for the homeless, and it provided with a soup-kitchen. Municipal buildings everywhere are also used for similar purposes. An epidemic of disease resembling influenza has broken out in Berlin.

COLD WEATHER IN ENGLAND.

LONDON, Jan. 19.—The severity of the weather recently experienced in Great Britain is increasing. There is much suffering among the poorer classes and from various sections of the country come accounts of many cattle, and in several instances, human beings being frozen to death. Several trades are at a standstill. A lady was found today frozen to death in a railroad carriage at one of the stations in this city.

MANY TOWNS ISOLATED.

VIENNA, Jan. 19.—Nearly all the roads and railroads throughout Austria are blocked with snow, causing considerable delay. In addition, a number of towns are completely isolated and likely to remain so some time. These towns are suffering from inability to renew their coal and provision supplies.

THE FROZEN BALTIC.

KIEL, Jan. 19.—The Baltic Sea, so far as can be seen from the lighthouse, is covered with ice. The Lake of Constance is covered with ice and navigation is suspended.

PORTUGAL AND ENGLAND.

Hope Expressed That All Difficulties Will Be Settled.

PARIS, Jan. 19.—[By Cable and Associated Press.] The Journal des Debats gives prominence to an interview with a high Portuguese official on the relations between Portugal and England. The official expressed himself as hopeful that an amicable understanding would be reached on all points in dispute. Such an understanding, he said, would have a most salutary effect on the domestic politics of Portugal, would put an end to all talk of an Iberian federation for offensive and defensive purposes, and make possible a double revolution in Spain and Portugal, which enthusiastic Republicans are now talking of.

The Journal states much weight to the opinions expressed, and thinks

that they will probably be verified by results.

A PORTUGUESE BLUE BOOK.

LONDON, Jan. 19.—The latest blue book on Portuguese affairs says that after what has taken place at Lisbon, Lord Salisbury would not again sign a treaty with Portugal until a vote of the Cortes has ratified such measure. The British Minister, Glyn-Petrie, has been intrusted with power to arrange a settlement of all matters in dispute.

THE WAR IN CHILLI.

England and the United States Will Protect Their Citizens.

LONDON, Jan. 19.—[By Cable and Associated Press.] The latest advices from Chilli show no improvement in the state of affairs there. It is announced today that a portion of the British South Pacific Squadron has been ordered to leave Panama for Chilian waters without delay. It is also understood that the admiral has received instructions to take all steps considered necessary to protect the interests of British subjects in Chilli according to report, he will not allow the war vessels of the insurgents to interfere with the loading or unloading of British vessels in Chilian waters.

WASHINGTON, Jan. 19.—In view of the fact that there is no other vessel available, it is probable that the cruiser San Francisco will be sent to Chilli to look after American interests, provided she can be made ready in time. She will have her final contractor's trial on the 24th inst., and if then found satisfactory, will at once be fitted for sea service.

For forty-eight hours he has been unable to take solid food, and is nourished with milk and brandy. He is attended by Dr. Fleet, Surgeon Wood of the Charleston, and Dr. Sawyer. The physicians are greatly alarmed, and have held several consultations today with prominent physicians of this city."

Rear Admiral Brown tonight sent a telegram to the Navy Department at Washington, telling of the King's condition, and the Hawaiian minister was notified by Consul-General McKinley. Later at 12 o'clock tonight Consul-General McKinley stated that the King was likely to die at any moment. Rev. Dr. Charles of the Episcopal Church, of which the King is a member, tonight administered the sacrament to the royal invalid. The King has been sick for about two months and came here for his health.

The Republican of Saturday, published in Phoenix, Ariz., contains an account of the finding of the Coroner's jury which investigated the death of a gambler known as "The New River Man." His body was found near Frog Tank on Aqua Fria, and the jury decided that he was "Doc" Wilson, formerly of this place. There was no clothing on the corpse but a single shirt and a pair of overalls. LINCOLN (Nebr.), Jan. 19.—[By the Associated Press.] Notice was served today on Gov. Boyd that ex-Gov. Thayer was seen tonight by an Associated Press representative, and expressed great indignation over the reports sent out concerning his mental condition. He is in his usual health after a few days' rest. His mind is not affected in the least degree.

THE NEW SENATORS.

CAUCUS NOMINATIONS FOR THE UPPER HOUSE.

A Battle with Flats Between Republican Partisans at Olympia.

Wash.—Hill and Everts Nominated.

By Telegram to The Times.

OLYMPIA (Wash.), Jan. 19.—[By the Associated Press.] Balloting for United States Senator begins at noon tomorrow. The contest between the friends of Senator Squires and those of W. H. Calkins of Tacoma, has been very bitter, and tonight friends of the two aspirants were on the point of coming to blows. During the day Squires friends circulated a call for a Republican caucus, and tonight they obtained five-sixty signatures—two-thirds of the Republicans and one less than a majority of all the members of the Legislature.

When Calkins' friends heard of the success of the call, they complained that they had been invited to attend, and became very angry. It was then decided to read the call from the staircase of the hotel and to invite all Republican members to participate. The call was read and then a loud call was made to have the doors read. Representative Meany started to read, but was interrupted by jeers on the part of Calkins' supporters. He persisted, however, and then a number of Calkins' supporters started up the staircase, their evident purpose being to capture the paper. Meany was surrounded by his friends and a fierce struggle ensued, in which the paper was torn to pieces. The rival factions struggled on the stairs for some minutes, but no one was hurt.

Fifty-six Republicans signed the call for the caucus, and agreed to abide by its choice. This gives Squire a majority of one on joint ballot.

PASADENA.

A PASADENA SUNDAY.

Divine Healing at the Methodist Church.

A SERMON BY REV. J. W. PHELPS

A Sermon and Prophecy Sent to Jail—Visit of a Party of Pasadena to Santa Ana and San Diego.

Rev. J. W. Phelps preached Sunday morning in the Methodist Church on "Prayer, and its Relation to Secondary Causes and Means." The discourse was doubtless inspired by the late ridiculous stand taken by some of the local believers in divine healing; at any rate it contained some truths which bear very directly on the subject.

Dr. Phelps, in the course of his remarks, emphasized the fact that prayer does not supersede the necessity of means. God does not help us to do what we can do ourselves. It is only when man is reduced to his last extremity, when he is beyond human help, that the Lord lends his aid. Let the sick man pray to be restored to health, but unless he conforms to the natural laws governing our bodies and walls himself off from all remedial agencies at hand, he can expect no favorable answer. So with the poor man who prays to be rich, or the ignorant person who seeks after knowledge. Unless they do their share of the work, God will not help them out. Let the poor man pray for prosperity, but at the same time let him put in ten hours of steady work a day; let the seeker after wisdom study hard and pray God to make plain the dark places. This is the secret of the efficacy of prayer. "Faith without works is dead."

This is the doctrine of the Methodist church and the pastor remains shut with the assent of the congregation almost without exception. This is the church of which Mr. and Mrs. Wm. Strang are members.

A PROPHETESS WITHOUT HONOR.

A Weak-minded but Strong-bodied Woman Pulled In.

Yesterday the corpulent lady with an Irish cast of countenance and flashy clothing, who has been in town for some weeks past and who has posed before the public as a seer and prophetess, was arrested by Officer Butterworth and taken before Justice Rose, who committed her to the County Jail to await a hearing by the commission on lunacy.

The woman is deemed of unsound mind. She tells the most remarkable stories of herself and her slenderous tongue spurs no one with whom she comes in contact. One of the most terrible of her tales is that a man recently asphyxiated her and did all manner of evil things with her. The prophetess has kept the police force busy chasing imaginary evils all over the town and county. She has freely advertised her profession as a fortune-teller, which she followed to some extent while not looking for a long-lost husband. Her loss is the community's gain. We hope it is "farewell forever."

A WEEK'S OUTING.

Riverside, Santa Ana and San Diego Visited.

Dr. T. J. Rigg and two gentlemen friends returned yesterday from a week's trip in the southern part of the State. At Riverside last week they encountered unusually cold weather for this section, the mercury falling to 25 degrees. The orchardists were much alarmed over the prospect of the fruit trees being injured by the frost, and all know means were being employed to avert such a catastrophe. Santa Ana was the next point visited. The tourists were not particularly impressed with what they saw there and unanimously agreed that the surrounding country is far behind our own. The latter part of the trip was spent at San Diego. Things were voted solid in that town. The Juana was visited and Sunday was spent at the Coronado, where excellent entertainment was found.

BALL AND RACQUET.

First Day of the Raymond Tournament.

The opening games of the Raymond tennis tournament were played yesterday on the hotel courts in the presence of numerous spectators, who were quick to appreciate and applaud all the good plays.

Play began with the gentlemen's singles. Halstead of San Gabriel beat Osborn of the Raymond, two straight sets. Day then dropped out. Tompkinson of the Pasadena club beat Van Doren of Pasadena, resulting in a victory for Halstead, who won three straight sets.

In the ladies' singles Miss Halstead beat Miss Marsh, 6-0, 6-1; Miss Shoemaker beat Miss English, 6-2, 6-5. The mixed doubles resulted as follows: Mr. Osborn and Miss Marsh beat Mr. Day and Miss Merrill two straight sets; Mr. and Miss Halstead beat Mr. Van Doren and Miss English, 6-3, 6-5. Today the finals will be played. There will be two sets of prizes given.

one by the hotel and the other by money received from the entrance dues. After the finals are finished to-day all but the winners will contest for the second prize. The improved arrangement of the courts was greatly appreciated by the contestants.

A Silver Lining.

The old woman who was taken to the County Jail Saturday by Constable Slater, although dressed in rags, was found to have several hundred dollars in silver and gold secreted about her clothing. She claims to be of Arabian descent, and was first arrested on the charge of peddling goods without a license. Afterward she was deemed to be of unsound mind, and for this reason she was sent to county headquarters to await an examination. It was there the money was found in an ingeniously contrived lining to her dress.

The Green.

The recent arrivals are: James McNally, Chicago; W. B. Hopkins, San Francisco; John J. Mountain, Los Angeles; E. H. Drew, Boston; E. Waldo Ward, New York; B. La Ville, C. H. E. Hardin, San Francisco.

Improvements still continue. New furniture is constantly coming in. The sun parlor on the roof is nearing completion. It will prove a delightful place for the invalid. It commands a splendid outlook. Col. Bowler has started to run the hotel in first-class style and is sanguine that the season will be a prosperous one.
